

The tree of George and Hannah Goddard of Farnham, Surrey 18th-20th Century

Brian Goddard's Family Tree

At the top of the tree we have George Goddard who was possibly baptised on the 13th February 1791, the son of Michael and Elizabeth. George dies in 1862 aged 71 and was buried in Hale.

There is a marriage of Michael G. and Elizabeth Peters at Frimley SRY, just north of Farnham, 14 Dec 1784 and a baptism of Michael G. at Bentley HAM 2 Dec 1760, son of Michael G and Anna of Bentley HAM. Bentley is just down the road from Farnham as is Binstead where a Michael G. married Anna (Hannah) Hunt 22 Aug 1759 (this on our website HAM marriages). All this fits together very nicely although not proof.

Some other Goddards in Hale, Farnham in 1841 were John 30+ grocer, wife Harriett 25+ and dau. Harriett . In 1851 John 41 master grocer, Harriett 36, Harriett 11 and Daniel 9, John 7, William 5, Jane 4 and George 2. Note use of family names.

Also in Hale 1841 were Sarah 50+ grocer and dau. Jane 20+

It seems quite likely these two families were connected to George.

The above information was offered by John Goddard of Accrington, the membership secretary of The Goddard Association of Europe.

I came back to this tree having put it on the back burner for a year and with our now extensive MBD database found more children for George and Hannah. I will list them here

Henry, baptised on the 30th December 1827 at St Andrew, Farnham buried 20 February 1835 aged 7, noted of Hungry Hill.

Eliza, I didn't find a baptism but a burial 28 December 1837 aged 11 weeks daughter of George and Hannah

I will now add every census that George and Hannah were found in and then I will endeavour to expand on all of their children one by one.

I looked and couldn't find a marriage for John who is stated as a widower in this census.

Frederick, his wife and four children are living in the cottage next door to Hannah and John. More about this family later.

I will now endeavour to expand on the children of George and Hannah Goddard up to the 1911 census.

(4)

Charles the son of George and Hannah Goddard

(5)

Eight children were found for Charles and Harriet. There could have been more born and maybe died between the various censuses.

Charles is first found in the 1841 census in Farnham with his parents George and Hannah and again in 1851.

There is a marriage in the June quarter 1852 in the registration district of between a Charles Goddard and Harriet Hart or Smith. The certificate would need to be obtained to confirm the surname. As Charles and Harriet's first child is born in 1853 I think safe to say this is the correct marriage.

There is a death in the June quarter 1892 of a Harriet Goddard aged 61 in the registration district of Farnham

Sadly we find Charles living alone and still working in the 1901 census.

(7)

George son of Charles and Harriet Goddard

George Goddard born in the Dec Qtr 1853
There is a death in Farnham in the Dec. Qtr 1929 of a Charles G Goddard aged 76 as you will see, later in life George becomes Charles in the censuses.
Married Ellen Chitty (born June Qtr 1856 in Farnham) on the 30 June 1877 in Hale.
There is a death in Farnham in the June Qtr 1931 of an Ellen Goddard aged 74.
This is probably the Ellen above but only the death certificate would prove this.

Charlotte Ellen Goddard was born Sept Qtr. 1879 in the Farnham Reg. Dist.

Elizabeth Goddard was born March Qtr. 1881 in the Farnham Reg. Dist.
Married Arthur Blackman in Farnham in the March Qtr. 1901

George Goddard born c. 1883 in Farnham, became Charles George Goddard married Emily Trimmer in Farnham June Qtr 1907

Alfred Goddard born Dec. Qtr. 1888 in the Reg. Dist. of Farnham

The 1911 census states that five children were born to Charles and Ellen and, sadly, one died. I haven't been able to identify the fifth child.

(8)

George is with his parents and siblings until the 1871 census. He proved to be a little fiddly to follow through until the 1911 census as by the time of the 1901 census he had become Charles George Goddard. Only then was I confident that I was able to identify the correct marriage for him after suggesting an incorrect one when I started my research. In the 1891 census his mother in law, Mary Ann Chitty was living in the home of George and his wife Ellen. There is a marriage in the registration district of Farnham of a Charles George Goddard and Ellen Chitty in the June quarter 1877.

The children also proved to be a little fiddly. Hopefully I have 'sorted' them out correctly.

Note that by the time of the 1901 census son George, like his father is now named as Charles George Goddard.

Daughter Charlotte Ellen Goddard wasn't found in the 1901 census and I could find neither a marriage nor a death for her.

I have managed to expand on Elizabeth who was found to be married by the time of the 1901 Census.

Alfred is still at home with his parents in 1911 so I am unable to expand on him.

This completes the family of George, later Charles George, the son of Charles and Harriet Goddard

Elizabeth the daughter of Charles and Harriet Goddard

Little was found for Elizabeth. There is a William Jones living with her parents in the 1881 census, he is aged four and born in Dover. He is stated to be their grandson.

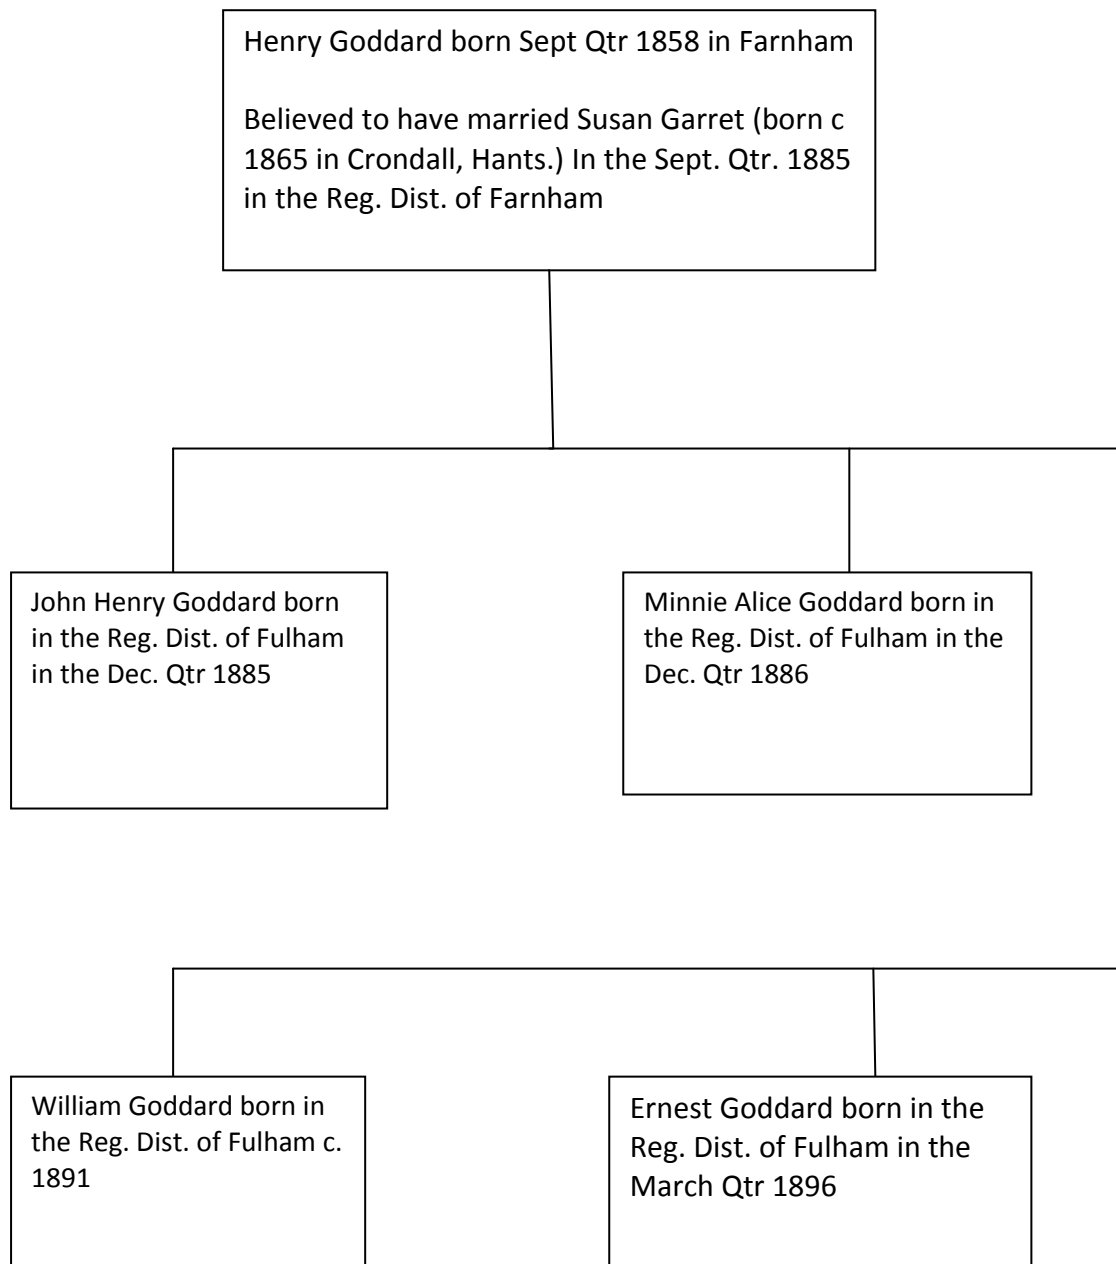

I found a marriage in the September quarter 1875 in Farnham for Elizabeth Goddard and William Jones so this is probably our Elizabeth.

In the 1991 census there seems to be a military connection, young William's birth place is given as Donner (Dover?) barracks in Dover Kent.

I was unable to find Elizabeth and her husband in any census after the marriage. My best guess they were overseas with the army.

Mary daughter of Charles and Harriet Goddard

Mary is with her family until the 1881 census when she is found to be a domestic servant in the home of Frederick Wheeler a chemist.

Mary Ann Goddard Serv un aged 19 General Serv. Born Hale in Surrey

For the 1891 census she is still unmarried and living with her parents. I didn't find her after this. Again a very common Christian name so I was unable to find a marriage for, Mary.

Hannah daughter of Charles and Harriet Goddard

Hannah not found after the 1881 census.

Harriet daughter of Charles and Harriet Goddard

Harriet was with her family until the 1881 census. I didn't find her in the 1891 census in her maiden name so sought a marriage. There is a marriage in the Farnham in Surrey registration district in the March quarter 1889 of a Harriet Goddard to a Walter Poulter. I then found her in the 1891 census.

Alarm bells began to ring when I saw the census. Had I made a mistake? Young Alfred was alive at the time of the 1851 census. I went back and checked and his father William, above, is with his parents and unmarried.

I searched and found his marriage to Eliza Larby in the December quarter 1854 and looking a little further found the births of Alfred and Elizabeth registered in the name of Larby in 1850 and 1853 respectively.

So we have a conundrum. Is William the father of these children?

I went back to the 1851 census.

One child has died. Sarah was alive in 1881 aged 26. There are deaths in the registration district of Farnham of Elizabeth Goddard in the Sept quarter 1864 and Elizabeth Jane Goddard March quarter 1865 so maybe it was Elizabeth who died. It may become clearer when I expand on the children of William and Eliza. I will assume that William is the father as they are using his surname.

Alfred the son of William and Eliza Goddard

The 1911 Census said that 6 children were born to Alfred and Harriet and one had died. I wasn't able to identify the sixth child.

John the son of George and Hannah Goddard

John is with his family until the 1861 census when we find he has married.

1861 Census Surrey-Farnham-District 06-Hale

John Goddard Head Mar aged 29 a Bricklayer born Farnham
Sarah Goddard Wife Mar aged 32 born Aldershot, Hants.

There is a marriage in the Farnham registration district in the June quarter 1852 of a John Goddard to a Sarah Larby. What I found in the 1871 census lead me to look for the death of Sarah. There is a death registered in Farnham in the March quarter 1867 of a Sarah Goddard aged 39. This equates to a birth year of 1828/9 which tallies with Sarah's age in the 1861 census.

Without the certificates we cannot confirm the marriage or death as being John and Sarah. Neither can we tell if there were any children born to this couple. Maybe it will become clearer if I am able to follow John through the censuses.

Anne R Goddard Daugh aged 11 months born Farnham
Louisa Chandler Mother-in-Law Wid. Aged 62 born Marlow Bucks.

I didn't find Daniel in the 1891 census and struggled to find the rest of the family but I persevered and found two of the children Arthur and Annie. In the home of John Harrington who appears to me married to their mother. I searched and found a death for Daniel Goddard aged 48 in Farnham in the September quarter 1884.

I couldn't find a marriage for John Harrington and Mary Goddard.

1891 Census-Surrey-Farnham-District 5

John Harrington Head Mar. aged 49 Blacksmith born Farnham
Mary A Harrington Wife Mar aged 49 born Farnham
John Harrington Son aged 8 a Scholar born Farnham
Louisa Chandler Mother Wid. Aged 70 born Buck's Little Marlow
Arthur Goddard Son aged 19 Gen Lab born Farnham
Annie Goddard Daugh aged 10 a Scholar born Farnham

I now think that Arthur and Annie are incorrectly stated as son and daughter to John Harrington and it is a coincidence that his wife is also Mary A.

I was unable to find a marriage for Mary Goddard and John Harrington. I won't go any further with Mary but will endeavour to expand on the children of Daniel and Mary.

I said I wouldn't go any further with Mary. I went on to Elizabeth and was unable to make any headway with her so next came George the son of Daniel and Marr Goddard. It then got interesting.

I didn't find George in the 1891 census. I next found him in 1901 with his mother Mary. Mary is using the surname Goddard again so my guess is that despite stating that she is married and using the surname Harrington in the 1891 census, she didn't in fact marry John Harrington.

1901 Census-Surrey-Farnham-District 08

Mary Goddard Head Wid. aged 60 Housekeeper born Surrey Egham?
George Goddard Son Mar aged 35 Builder's Labourer born Hale Farnham

Annie Goddard Daugh S aged 20 born Hale Farnham
Margaret Goddard Daughter in Law Mar aged 22 born Kent Lewisham
Eva Northeroft Grand Daugh aged 5 born Surrey Wimbledon
Audrey Godson Visitor aged 6 months born Surrey Addiscombe

There is a marriage for a George Goddard to Margaret Elizabeth Nevill in the registration district of Lewisham in the September quarter 1898. By the time of the 1911 census George is a widow and still living with his mother. He now has a child Frederick Charles Goddard who was born about 1902. I haven't found a definite birth for him as there are two Frederick Charles Goddards registered in Surrey in the same year. I did, whoever, find a death for a Margaret Goddard in the registration district of Greenwich in the June quarter 1904 aged 25. From the census above and the death the age equates to having been born c1879 so, sadly this probably is the Margaret in question.

Elizabeth the daughter of Daniel and Mary Goddard

I didn't find Elizabeth in the 1881 census, nor did I find a marriage for her so couldn't expand on her. Later in the 1911 census we learned that two of the children born to Daniel and Mary died. I searched but didn't find a death for Elizabeth,

Sadly I didn't find Louisa after the 1881 census when she was still living with her parents.

Mary Ann the daughter of Daniel and Mary Goddard

I didn't find Mary Ann after the 1881 census. In that census she was possibly listed as Margaret and I checked both Christian names, to no avail.
