

The descendants of Joshua and Mary Goddard, Cheshire and Lancashire

The tree of member Doreen Evans

We first see Joshua with his family in the 1841 census. As far as I can tell we have only three children for Joshua and Mary but given the gaps between the childrens' births there may have been others that didn't survive. Parish registers would need to be examined to prove this theory.

We first see Thomas living away from his family in 1861. He is married and his first child has been born.

Thomas Goddard and Mary Moxon married after Banns on November 13th 1859 in The Parish Church, Ashton-under-Lyne. They were a bachelor and spinster, of full age which might not have been true in the case of Mary as she gives her age as 20 in the 1861 census. They both live in Ashton. Thomas' father Joshua Goddard is a spinner and Mary's, Daniel Moxon a Bolt Maker. They both signed with the mark of a X.

Note Thomas Goddard aged 71 is living with his son Daniel. He states he has been married for one year, he isn't widowed but his wife isn't with him. I wonder if there is an enumeration error and he is in fact a widow?

There is a death of a Thomas Goddard in the December quarter 1915 in the registration district of Oldham aged 76 years. The death certificate would need to be purchased to prove this is the one. I haven't added this to Thomas' tree box.

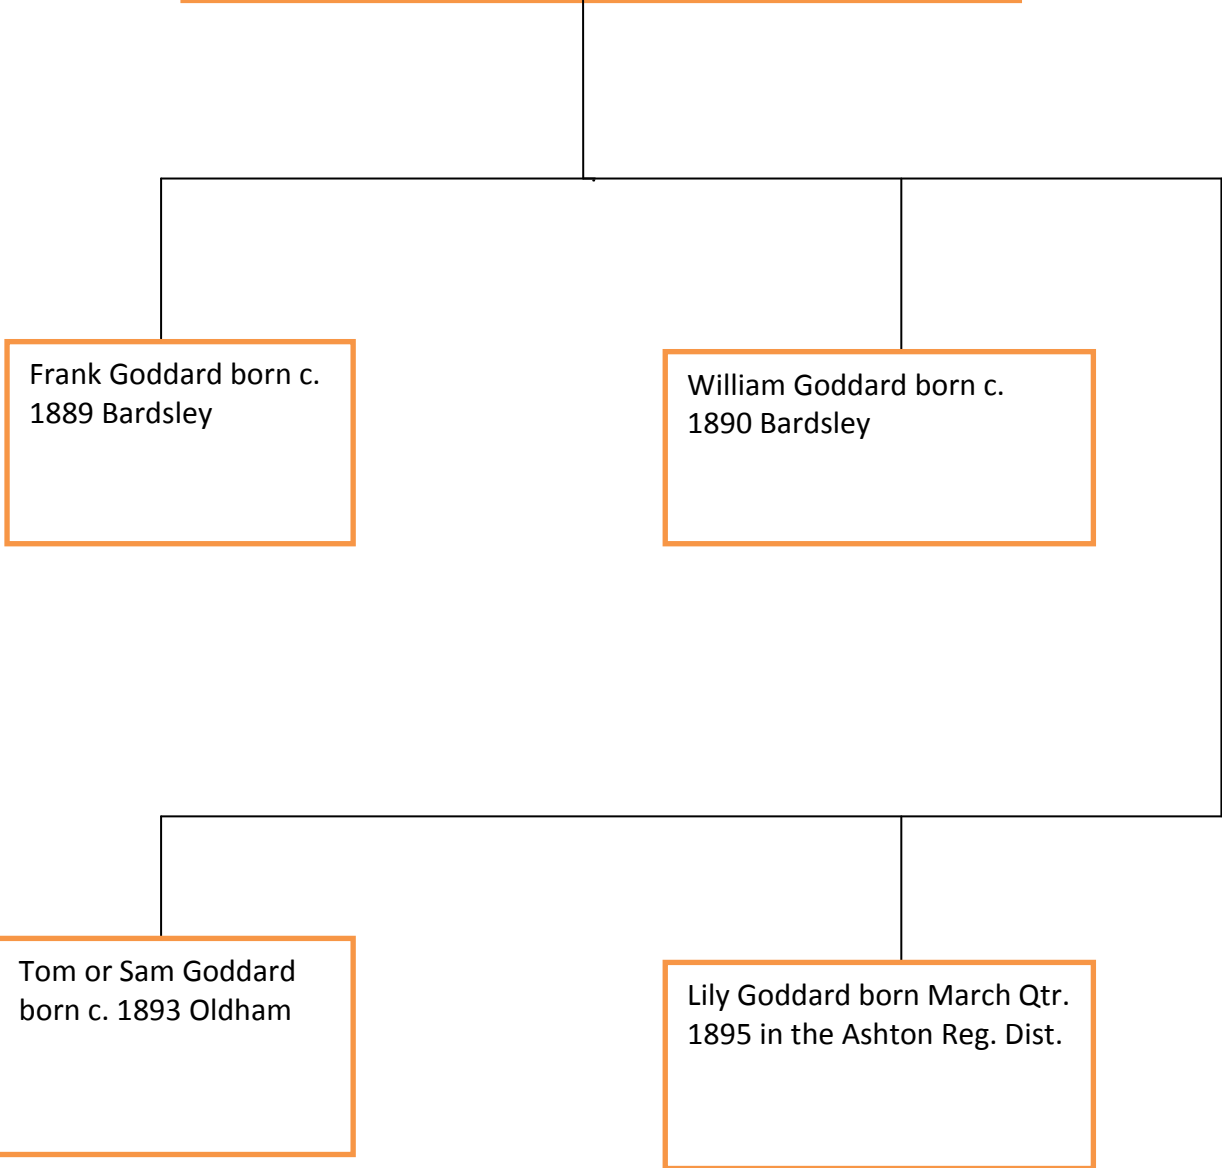

Despite searching diligently I couldn't find Thomas and Mary in the 1891 or 1901 census so will try and expand on their children.

Events

There is a marriage Sept Qtr. 1889 in the Reg. Dist. of Ashton of, Joshua Goddard and Elizabeth Bradbury.

I searched for births for the four children. The only one I was confident to add was Lily's.

I couldn't find Joshua in the 1901 census and a sad story started to unravel. There is a death registered in Oldham of a Joshua Goddard aged 28 in the September quarter 1894. This equates to the year of 'our' Joshua's birth. If this is the case he died before Lily was born, probably not even knowing she had been conceived. The death certificate might shed more light on this event.

I found Elizabeth Goddard nee Bradbury in the 1901 Census; she is living with her parents and three of her children.

I could find nothing else about Joshua Goddard's family after 1901.

I didn't find William Goddard in the 1901 census.

In 1901 Joshua's widow, Elizabeth was living with her parents and her children, Frank, Sam or Tom and Lily are with her. I didn't find any of them in the 1911 census. I found Nelson Bradbury in the 1911 census. He was still in the same house as in the 1901 census with his wife and two of his adult children.

The birth of, Mary Ann Goddard, the last child for Daniel and Hannah, was registered in the registration district of Oldham in the December quarter 1911. The mother's maiden name was Thomason confirming that this is the correct birth.

In the above census it is stated that Hannah has given birth to 8 children and 2 have died. I have found a birth of a Lizzie Goddard in the December quarter 1892 in Ashton and a death of a Lizzie Goddard aged 1 year in the December quarter 1893. This is possibly one of the children that died. I only say this as Daniel and Hannah called a daughter born in 1904 Lizzie. This birth might explain the length of time between their marriage and the birth of Harry.

I noted that Daniel has his father Thomas aged 71 living in his household in the 1911 census. There is a death of a Thomas Goddard in the December quarter 1915 in the registration district of Oldham of a Thomas Goddard aged 76 years. The death certificate would need to be purchased to prove this is the one. I haven't added Thomas' tree box.

Vera isn't with the family on the 1939 register. I have a mystery and the following certificates would need to be purchased to resolve it.

Death registered in Ashton March quarter 1927 of a Vera Bradbury aged 0

Death registered in Ashton September quarter 1969 of a Vera Bradbury whose date of birth was 17th March 1927.

Lizzie daughter of Daniel and Hannah Goddard

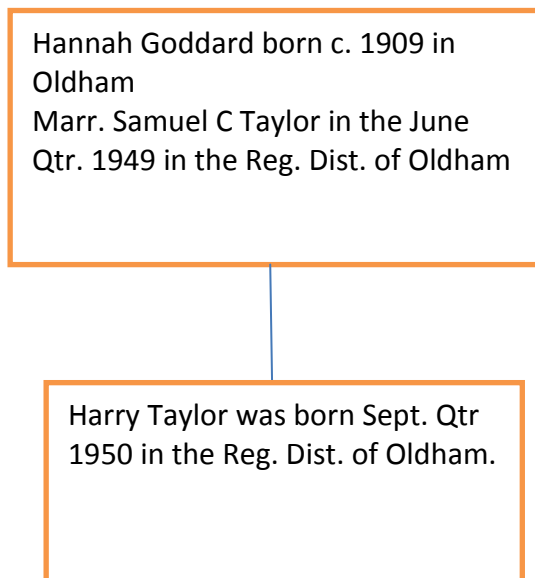

Lizzie's birth was registered in the March quarter of 1904 in Oldham and she sadly died, aged 12 years on the 26th May 1916 of Pulmonary Tuberculosis. Such a tragic time for the family, with her father Daniel dying three weeks later of heart disease aged 48 years. They both died at the family home 22 Ethel Street, Oldham

Dan son of Daniel and Hannah Goddard

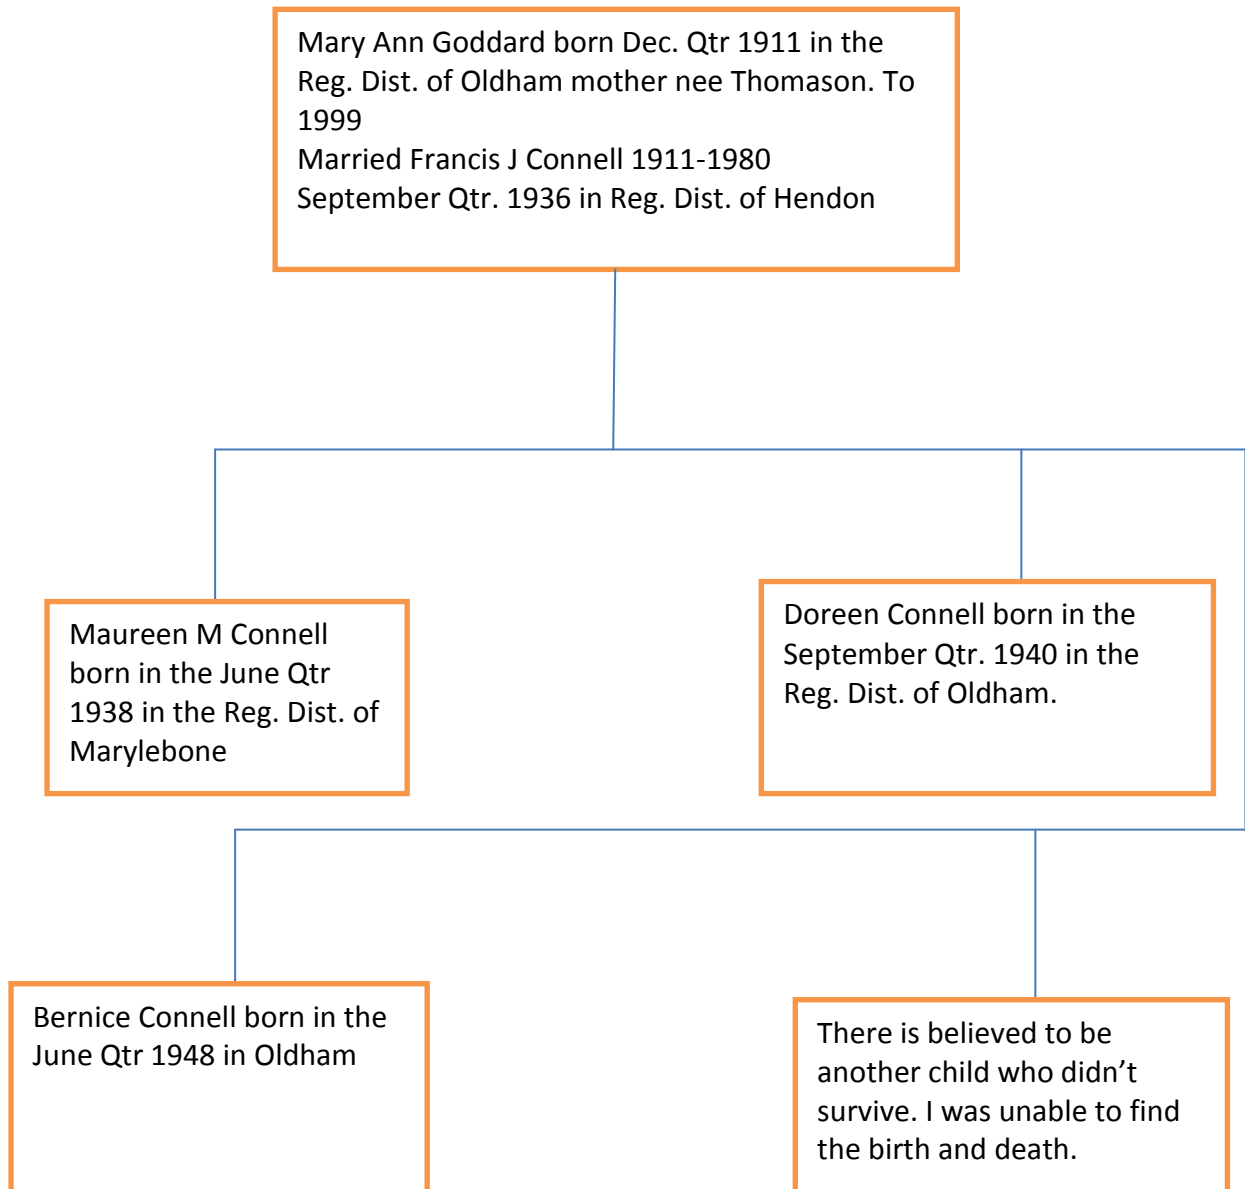

Dan's birth is registered in the registration district of Ashton in the September quarter 1902. He was a 43 year old bachelor when he married Ethel Gartside (Nee Wood) by license on 17th November 1945 in The Methodist Chapel, Mill Gate, Oldham.

The couple were childless.

annah daughter of Daniel and Hannah Goddard

Mary Ann daughter of Daniel and Hannah Goddard

Sadly, I was unable to expand on Mary born c. 1870 in Ashton-under-Lyne and Mary born c. 1877 Also in Ashton-under-Lyne, the daughters of Thomas and Mary Goddard.

This is as far as I have been able to take this tree, I hope I have found something that you hadn't, Doreen, however small. Maybe in time we will be able to push the tree back further.
